COFFEE TEA & OTHERS

Our **Bali Kintamani coffee** comes from an area that's located in the northern highlands of Bali, where all the right factors needed for the **perfect coffee production process are found, including a cool climate and rich volcanic soil.** The land between two main volcanoes, Batukaru and Agung, is where most of the Kintamani coffee cultivation is carried out. **The Balinese brew is a 100% Arabica, single-origin specialty coffee with an incredibly smooth body.** Its signature **citrus and spice** tasting notes really shine thanks to the handful of family farmers who take the time to pick only the **ripest coffee cherries** one-by-one.

Our coffee beans are specialty grade and brewed according to the rigorous standards of Specialty Coffee Association of America (SCAA)
